IMPURE WATER

Typhoid in nearly every case, as well as malaria, dysentery and the other hot weather complaints that so often end fatally, has been traced to impure water.

Because of the naked eye the water appears clear is no guarantee that it is pure. Often one has but to look at it through a magnifying glass to see millions of deadly microbes.

The water supply in many country places, small towns and summer resorts at times becomes contaminated with sewage and other impurities owing to one or another of several causes that are common.

Doctors of all schools claim that a teaspoonful of

**Duffy's Pure Malt Whiskey**

in each glass of water you drink acts as a germ killer. For over fifty years Duffy's Pure Malt Whiskey has been prescribed by doctors and used in hospitals in the treatment of dyspepsia, indigestion, typhoid and malaria, and all forms of stomach troubles. It is a positive cure for cramps, dysentery, sunstroke, cholera morbus and chills. It quickens the circulation, purifies and enriches the blood, builds new nerves, muscle and brain tissue, and gives fresh life and vitality to every part of the body.

Duffy's Pure Malt Whiskey is distilled wholly from malted grain, and its softness, palatability and freedom from injurious substances make it acceptable to the most sensitive stomach.

All druggists, grocers and dealers, or direct, \$1 per bottle. Illustrated medical booklet containing some of the many convincing testimonials received from grateful men and women who have been cured, and doctor's advice sent free. Duffy Malt Whiskey Co., Rochester, N. Y.

**Cat Leaps Off Sycamore.**  
The falling of a black cat from a window on the thirteenth floor of the Republic building, State and Adams Streets, shortly before 9 o'clock this morning, caused excitement among early shoppers and pedestrians. It was suggested by policemen that the cat committed suicide. Two men were at work on a scaffolding at the fifteenth floor, where they were washing the front of the building. The workmen said the cat appeared to jump from the window, but that it might have made an attempt to catch a bird or an insect, thereby losing its footing on the window edge. The animal was so badly injured that it had to be killed—Chicago Post.
